TUESDAYS AND FRIDAYS.

## MYSTERY OF LOCAL BURGLARIES CLEARED UP

**Coleman Traylor Confesses that He and Other Youths Robbed the Postoffice Here.**

The mystery of the various burglaries in Stanford during the past year or so seems to have been solved at last. The Danville papers tell of the arrest and confession of Coleman Traylor, a Lincoln boy, that he and a gang of young men have been robbing distilleries etc., and private information has been received here that young Traylor has also confessed to the robbery of the postoffice here. He is said to have implicated a boy named Sherman Nichols as his assistant in the postoffice robbery.

The Danville Messenger said of the arrest of this young man on the charge of robbing the distillery at Gilbert's Creek:

A few months ago General Deputy Collector Richard A. Burnside discovered that whisky in the bonded warehouse of Paxton Bros., known as the Henry Traylor distillery, at Gilbert's Creek, was being low proof and had been tampered with. The matter was reported to Washington and Judge Burnside detailed the investigator. He soon discovered that the warehouse had been broken into, whisky taken, and water poured into the barrels. He once began a systematic investigation and soon suspected several parties living in the neighborhood.

He watched the place closely, and one day last week followed two men to Broadhead and caught them selling whisky. He arrested and brought them to the Stanford jail. Other arrests were soon made by Judge Burnside, and he secured a full confession from all. The men are Coleman Traylor, William Dalton, Oscar McGuffey and Sherman Nichols. They were all brought to the Danville jail, and Commissioner William Lawwell ordered them taken to Jackson, Ky., where a term of the United States court begins.

Judge Burnside has worked on the case for several weeks. Jailer Fitzgerald, of this city, assisted on the case, arresting one of the men, Sherman Nichols, Marshal Coleman likewise assisted in bringing them in and will take them to Jackson Monday. By the confession, Judge Burnside learned that the same gang has been taking the whisky for many months. The penalty is severe, and Uncle Sam will not deal leniently with the rascals when the cases come for trial. Judge Burnside has been in the internal revenue service most all of his life, and is, perhaps, the best posted man in the service.

## K. Dunagan's Barn Burns

Fire, originating from some unknown means destroyed the large barn of K. Dunagan, in the northern edge of Lincoln, on the Lancaster and Danville pike early Sunday morning. Mr. Dunagan had the barn filled with feed, grain etc., all of which was completely destroyed. He figures the loss about \$2,500 but carried \$1,000 insurance, so has some compensation. The fire broke out about five o'clock in the morning, and there is said to be not the slightest clue as to how it was started. Another barn nearby, caught from the fierce blaze, but hard work by neighbors who came to the rescue, prevented it from burning.

Keep your barns and other buildings always protected by insuring with J. D. Wenren, the Insurance Man of Stanford.

## High School News

(By James Cooper.)

The Stanford High School opened last week with a very large attendance. There are 27 Freshmen, and already they have been declared the freshest yet. Eighteen of the High School Sophomores, while the number of Juniors has been decreased to the small number of ten and last, but not least, come the brilliant Seniors. Out of a very large class when entering the high school, there are but seven now who are beginning their last year in the Stanford High School. The total number of pupils 62, is the largest High School we have had for several terms. Mr. Kemper is again our high school teacher this term. Our school started off tip-top, and everything marks toward a successful year.

A meeting was called in Mr. Ireland's office Thursday for those who wish to participate in the game of football. The meeting was called to see if enough players would consent to begin practicing, so a team can be gotten up at an early date. Quite a number are willing to begin practicing at once, and we know out of the material we have in our school, a good team can be obtained.

## Work Starts on Dix River Dam

The following press notice is sent out from Danville: Work has begun on the dam which is to be built across Dix river at Kennedy's mill, south-east of Burgin. It is estimated that the dam with equipment will cost \$3,000,000. L. B. Herrington of Richmond, took a leading part in securing funds with which to carry on the great undertaking. It was not anticipated that the work would begin at such an early date. New York capitalists are backing the enterprise. A test lasting through three years has proved satisfactory. Power will be furnished to the electric plants at Danville, Lancaster, Nicholasville, Harrodsburg, and Richmond. It is thought that a network of interurban railways will be in operation in this section in a short time after the dam is finished. Manager Fish, of the Danville electric plant, is making arrangements with the promoters to take the power for the local plant. The dam will be about 100 feet high and will be constructed of steel and concrete. A dozen engineers have pronounced the project as entirely feasible.

## Middleburg

Supt. J. C. Lay has arranged for a school rally at Liberty Friday, when all the children of the county will be present.

W. T. Coulter had a number of men and teams out last week putting the pike through town in order.

The tobacco crop in this section is mostly housed, and farmers have closed their barns to prevent too rapid curing this fine weather.

Mrs. A. R. Scott, who has been here since the death of her father, J. A. Estes, left Monday for her home in Sedalia, Mo. Her mother, Mrs. Marietta Estes, accompanied her and will make her home with her daughter.

Mrs. Will Wright, of Hustonville, visited her brother, T. H. Moran last week.

At the A. J. Estes sale Saturday, stock sold fairly well. We note the following: a young 4-year-old horse \$127; sucking mule \$57, an aged mare \$32, milk cow \$32, stack of hay \$2. A considerable amount of household goods was sold at low prices.

The Saints have been holding forth at their church on the ridge east of Yosemite for a week or more and will likely hold through this week. There are several preachers in attendance, and there is no lack of preaching.

C. C. Jones is working against the tobacco trust by manufacturing his own cigars. They are made of long green tobacco, and are not Havanas or Daniel Boones in appearance, but they answer Mr. Jones' purpose seemingly as well as if they were real beauties.

The young people were delightfully entertained Tuesday evening by Mrs. C. B. Creech at her beautiful home on Liberty street. Those present were Misses Ruby Fogle, Bettie Royalty, Bessie Lawhorn, Essie Haney, Ruth and Martha Dye, Emma Fogle and Belle Cowin, and Messrs. Will Sharp, Carlos Compton, W. B. Royalty, W. A. Adams, Ernest Miller, Oscar Elliott, Will Tapscott and Marshall McWhorter.

The Teddy and Taft forces are said to be lining up for the fight for county offices next year and a pretty lively time is anticipated. The Taft faction is thought to have the bulge on the Bull Mooseers just now, but whether they have a sufficient majority to capture the nominations is a question. The Democrats are not expecting anything, but are going to be in position to have lots of fun when the scramble comes on.

E. L. Kimberlin came down from Boyle Friday. Several of the Yosemite people took in the Somerset fair. Mr. and Mrs. V. T. Wilson went to Somerset last week to visit Mrs. Wilson's sister, Mrs. Jennie Godbey Mr. and Mrs. McD. Fogle have moved from McKinney to the J. C. ## Casey Man Killed by Bee Sting

A dispatch from Liberty last week said that Robert W. Russell, of the Ellisburg section, was killed by the sting of a bee. Mr. Russell had worked hard all day in his tobacco field. Just after sunset he went to his mother's home nearby, to take some honey. During the process a bee stung him on the tip end of the long finger of his left hand. He thought nothing of the sting but went back home and sat down on the porch with his wife. In a few minutes he remarked to his wife that he was feeling awfully sick. In a moment she noticed that he was falling out of his chair. She held him until assistance could come, when they telephoned for a doctor. He was dead in 20 minutes from the time he remarked that he was feeling sick.

Few, if any, medicines, have met with the uniform success that has attended the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. The remarkable cures of colic and diarrhoea which it has effected in almost every neighborhood have given it a wide reputation. For sale by G. L. Penny.

## Resolutions of Respect on the Death of K. L. Tanner.

When by reason of age, our feet come to touch the waters that encircle the eternal land, we naturally, possibly unconsciously, like to weave into the present and great future and make the hopes of the latter a stimulating influence for right doing here. It was so it would seem with our beloved friend and brother, K. L. Tanner, and now, you gentle reader, as well as his brethren of the mystic tie will read, ponder and reflect. We his brethren who knew him best can find no words to express our sorrow and now that he is gone, we can no more have his genial presence at our regular communications, as we have almost invariably had for the last thirty years, ill health alone preventing.

Thus on the walls of the hearts of every member of McKinney Lodge No. 631 is inscribed in golden letters that can never be effaced, a love and esteem for his true, noble character, an admiration and respect for his upright life.

Therefore, be it Resolved that in the passing of Bro. Tanner from earth to heaven our lodge has lost one of its best and most highly esteemed members and the community one of its most valued and useful citizens and his family one of the best husbands and fathers we ever knew, and to them his faithful companion and children to whom he was so devoted we extend our deepest sympathy, and in their great loss so hard to bear we commend them for consolation and strength to God, from whom all blessings and comfort must come.

Resolved, further, that we will wear the usual badge of mourning for thirty days, and that his chair, which he so faithfully occupied as treasurer since the organization of our lodge be draped in mourning, and that a copy of these resolutions be spread upon the minutes of our lodge, a copy be presented to his family, and a copy be sent to the Interior Journal and the Masonic Home Journal for publication. By order of the lodge.

## Last of Virginia Outlaws Caught

Des Moines, Iowa, Sept. 15.—Sidna Allen, leader of the clan that shot up the Carroll county courthouse, at Hillsdale, Va., killing Judge Massie and others, and his nephew, Wesley Edwards, are in jail here as a result of love affairs which led the detectives to them. Both announced their willingness to return to Virginia without requisition. Edwards was captured tonight as he was returning to his boarding house after having worked all day with a paving gang. The detectives followed Miss Mary Iroler, of Mount Airy, Va., when she came to Des Moines to be with Edwards, whom she was to have married tonight. When she stepped into the boarding house where the two men lived this morning, the officers entered just behind her and arrested Allen, who surrendered with no show of fight. Allen declared the courthouse tragedy was the fault of the court officers, who, he said, began shooting. The two men say they hid in the mountains for a while after the tragedy, and then got over into Kentucky, stopping several days in Louisville. They also visited in St. Louis.

## RESOLUTIONS OF REGARD TO REV. DICKEY AND WIFE

Adopted at Farewell Services at Methodist Church Sunday—Goes to Worthville.

The churches of Stanford joined forces in a farewell service held at the Methodist church Sunday evening. The house was filled with a very appreciative company of people all anxious to hear the final word from Rev. J. J. Dickey, who has so faithfully served his people in public and in private for the past three years, and who leaves this week for his new field of labor.

The service was entered into very heartily by all present. The singing was whole-souled and Rev. Dickey's sermon was a passionately earnest appeal to all the people of the town to remember that eternal vigilance is the price of liberty in every effort to safeguard the moral welfare of the people.

At the close of the service short addresses were made by Rev. D. M. Walker and Rev. P. L. Bruce, expressing their hearty appreciation of Mr. Dickey's fellowship, sympathy and co-operation in the organized work for Christ's kingdom.

The following resolutions were submitted to the congregation assembled and unanimously adopted by a rising vote:

## The Resolutions:

In view of the fact that our friend and brother, Rev. J. J. Dickey, has labored in our midst for the past three years and in view of the fact that he has been appointed to another field of activity, we, the ministers and members of the several churches of Stanford, meet to give expression to our appreciation of his ministry among us.

First.—Be it resolved, That we heartily appreciate his Godly life, as he has gone in and out among us, inspiring us to nobler deeds of self-sacrifice, in devotion to duty.

Second.—That we desire to commend Bro. Dickey for his splendid leadership, sound judgment and unflinching stand for right on all questions affecting our public life.

Third.—That we heartily appreciate not only the work that he has done among his own people, but the wider work of evangelization and general ministry to the outlying districts of our county.

Fourth.—That it is the sense of this meeting that not only this community but the county at large, is sustaining a great loss by his removal from our midst.

Fifth.—That we most earnestly commend Bro. Dickey for his faithful wife and co-laborer as worthy of the confidence and esteem of all good people, and bid them God speed in their new field of labor.

Signed By

D. M. WALKER, Pastor Christian church.
